The initials above signify concurrence with the following documents:

CWA Sec 308 Information Request to Assabet Sand and Gravel regarding process and storm water discharges, and oil storage at its facility in Acton, MA.

REMARKS:

Based on a referral from Clean Water Action, EPA conducted an inspection of the above referenced facility that identified stormwater discharges subject to coverage under EPA's MSGP. In addition, process water discharges to wetlands and ponds that may be waters of the US were also observed. Information regarding the quantity of oil storage capacity was not collected during the inspection. The information being requested is necessary to inform EPA's subsequent CWA enforcement decisions.
